

Program Update

DR. MARGIE HOGAN: In honor of National Crime Victims Rights Week, 1995, CornerHouse nominated Dr. Margie Hogan for special recognition from the United States Department of Justice, Office of Justice Programs for extraordinary dedication and outstanding service to victims of crime. Thanks for all your hard work, Margie!

SWEETHEART FOR KIDS AWARD: CornerHouse will present this award annually to an individual with a commitment to improving the system's responses to children reporting sexual abuse. Nominations are being accepted for the 1996 recipient. Eligible candidates must not be current staff of CornerHouse, although they may be current or past Board Members. Nominations are accepted from anyone and may or may not be solicited from the community at large. The SweetHeart Committee will solicit nominees on an annual basis. Selection will be made by the SweetHeart Committee with input from staff and Board Members. Please call Anne Nuernberg with suggestions.

MULTIPLE INTERVIEWS: We've had a number of requests for interviews with children who have had previous interviews with referents. Multiple forensic interviews can be re-traumatizing to the children and often result minimized or inconsistent statements, or recantation. We are working with multidisciplinary professionals to coordinate our efforts in reducing trauma and serving the best interests of the children.

MEDICAL APPOINTMENTS: CornerHouse values the service that our Pediatricians provide and want to continue to provide this integral part of our program. We ask that referents follow-up with caretakers to ensure that transportation to medical examinations is arranged. An appointment reminder to the caregiver by the referent may reduce the number of no shows and cancellations.

CAREGIVER BROCHURES: Caregiver brochures are now available for referents to give to parents prior to interview at CornerHouse. The brochure will provide caregivers with information about the interview process at CornerHouse and answer commonly asked questions. Also included are resource numbers for crime victim reparations.

DONATIONS FOR REFRESHMENTS: CornerHouse referents, trainees and staff consumed 271 cases, 6,504 cans, amounting to 78,048 ounces of pop, juice and spring water in 1994. CornerHouse staff feel strongly that the refreshments we have always offered to referents during their work at CornerHouse remain available. In an effort to reduce discretionary budget expenses, we will be asking folks to consider a nominal donation for the refreshments they consume.
