### Mission Statement

Ensure that the voices of children are heard and understood in cases of alleged abuse.

### Parent quote

"I am so grateful for Cornerhouse! As we ventured into unknown territory, I was very impressed that people with the same concerns I had intuitively, had already taken action to create a child-centered interview process. I was relieved to learn that the Cornerhouse mission was to stand as an advocate for the child, with a goal to put the child first. While I remain deeply saddened by the need for a place like Cornerhouse, I am so very glad it exists."  
- Deb, Parent of Child served at CornerHouse

Children come to CornerHouse after the most violating acts imaginable are committed against them. They come here to begin the process of sorting through what happened toward the ultimate goal of healing. CornerHouse provides a safe place, where children are first and they are always listened to.

In 2010, CornerHouse listened to the voices of 500 children.
